

Project Title: Daily Task Checklist

Problem:

Everyday, students in PSHS-EVCL have a lot of academic tasks to do, especially those in 8th Grade since they have the most subjects, and most of them cannot keep track of all those tasks resulting in cramming, submitting late, or worse forgetting about it. This project aims to help students manage all these tasks so they can accomplish it on time using checklist.

Project Objectives:

- Help remind the user of their tasks for today.
- Help the user organize their messy academic life.

Planned Features:

- Add task and remove task feature
- Displays an angry emoji when the assignment is nearing its due date
- Has a menu of what you want to do (e.g. View list of task, Add a task, Remove a completed task)

Planned Inputs and Outputs:

- Task
- Date Assigned
- Due Date
- Days Left
- Remove

Logic Plan:

START

Display menu

Choose what you want to do

If you chose 'View task'

'List of Tasks' Displays

If you chose 'Add task'

Input 'task'

'List of Tasks' Displays

If you chose 'Remove Task'

'List of Tasks' Displays

Input Remove

If you chose 'Exit'

Program ends

END
